

*Paradise Island invites you  
to escape daily routine  
– all year-round.*

# Welcome to Paradise Island!

Every moment in the archipelago is unique. You can sit on the rocks for hours gazing at the waves without a single one beaching identically. The surrounding openness and scenic beauty make a fertile environment for new ideas. What could be a more ideal location to escape the grind of daily routines than the most beautiful archipelago in the world? Whether it be a conference, training, a customer event or even a celebration we at Äijälän Rusti will tailor each affair to match the needs of the participants.

Located in Röölä in Rymättylä, Äijälän's long history and 132 hectares of nature in the beautiful archipelago provide an excellent setting for this. We have the space to move or just be. The three villas and smoke sauna on Paradise Island or two cabins on Little Paradise Island with their shoreline saunas can be used as a base.

Longer boat trips can be made by our fabulous yacht m/y Harmony which can accommodate 40 people or the smaller m/s Juhana which accommodates 20.

Paradise Island invites you!

Best wishes  
Eira and Reijo

# The sun does not cast shadows on Paradise Island

Aurinko, the larger conference building on Paradise Island, along with the two villas Aaholli and Koiro, are exceptionally well suited for holding various functions and celebrations. The villas each have three floors and a breathtaking view of the sea can be admired on both sides. Paradise Island can accommodate 50 people for an overnight stay.

Our executive smoke sauna Verkkko is located at the Airisto end of the island. The building has a spacious smoke sauna, conference room, fireplace, a glass walled cooling area, shower room and toilet. Large terraces with a view surround the

building and one needs to take but a few steps to have a swim in the sea or lounge in the wooden hot tub. In the winter one can take a dip in the avanto too – a hole cut in the ice. Accommodation can also be provided in Verkko if the need arises.

Little Paradise is situated about 45 minutes from the Äijäläpier in Rymätylä. In the beautiful outer reaches of the archipelago you can find two log cabins Lapinvuokko and Lumitähti, a sauna on the shore, grill, sun deck, a jetty and pier for even a larger vessel. Little Paradise is ideally suited for rest and recuperation or as a base for fishing.

Ask to charter  
m/y Harmony!

Even a larger group can travel with ease from the river Aura to Paradise Island via Airisto.
